17:30		CONCLUSIONS			
18:00		Gala evening			

The Walloon Network for Rural Development organises, on the 17th and the 18th of May 2018, a **seminar on innovation in rural areas**. Bringing together **Walloon as well as European players**, this seminar will be fully bilingual French-English.

During the seminar, the participants will be able to :

1. Discuss new approaches and collaborative methods that aim at stimulating innovation ;
2. Study practical cases, assess their pertinence and the opportunities they create ;
3. Formulate recommendations on how to stimulate innovation in Wallonia.

PROGRAMME

4 topics et 4 approaches, combined in 16 workshops

The topics

1. How to stimulate innovation in rural territories?
2. Innovation: the virtues of constraint
3. Opportunities and innovations enhanced by digitization
4. Innovating for greater resilience

The approaches

1. Agricultural systems
2. Territorial approaches
3. Collaborative systems
4. Collective intelligence

4 workshops on the same topic will be happening simultaneously.

This means you have to choose, when registering, which one you wish to attend, depending on your interests.
